BUMP RAILS SKIRTING

EXCELLENT PROTECTION FOR WALLS AGAINST REPEATED KNOCKS FROM TROLLEYS

- These food-grade certified, ultra-resistant bump rails and skirting guarantee **unrivalled protection** of partitions and walls against regular knocks from trolleys and pallet trucks **in the food industry and in institutional and professional kitchens**.
- Made of solid high-density polyethylene with no hollow parts, they are also **water-repellent, unaffected by most cleaning products** and **certified food grade**, enabling them to meet the food safety requirements.

PRODUCT ADVANTAGES

Ultra
impact-resistant

Water-repellent

Resistant to cold

Unaffected
by common cleaning
products

Certified food safe

A SPENLE INNOVATION: PPJE® BUMP RAILS AND SKIRTING

- The bump rails are also available in a version with **seals**. These are the **PPJE®** bump rails developed by SPENLE (registered design). They have flexible seals at the top and bottom that act as a **true barrier** against washing water and prevent other deposits building up under the rail.

TECHNICAL CHARACTERISTICS

FOOD INDUSTRY

CATERING

- Made of **solid high-density polyethylene**, certified food safe and totally water-repellent,
- Manufactured with **rounded edges** (and with a **rebate for a floor U-profile** and a **bevelled heel at the bottom** for heeled skirting) to facilitate cleaning and prevent the build-up of dirt or deposits,
- Supplied **pre-drilled** and with **flush screw caps** for optimum hygiene and a smooth, impeccable finish.
- Available in lengths of 2 meters 15 mm thick as standard – choice of depths and colours .

THE DIFFERENT MODELS OF WALL PROTECTORS:

● Polyethylene bump rail

● Straight skirting

● Heeled skirting

OPTIONS

- Thicknesses 20, 25, 30 or 40 mm,
- Supplied with stainless steel fixings for fastening on sandwich panels,
- 45° chamfers instead of rounded edges,
- Internal and external corners for easier fitting,
- End matching,
- Bump rails or skirting with seals for even better hygiene – PPJE® models,
- Can be supplied in lengths of 2.5 m or 3 m on request and depending on quantity required.

WALL PROTECTION

BUMP RAILS SKIRTING

IN FOOD INDUSTRY SETTINGS THE BUMP RAILS AND SKIRTING are ideally suited to:

- protecting **tiled walls** against knocks from **trolleys** in meat cutting and packing plants,
- protecting **cold room panels** in the **circulation corridors** of chilled food warehouses,
- preventing trolley wheels from damaging the bottom of partitions in **food preparation rooms**, etc.

IN CATERING SETTINGS BUMP RAILS AND SKIRTING are ideally suited to:

- protecting walls against knocks from **trolleys** in professional kitchens,
- protecting the **bottom of wall panels** in **cold rooms** and stores,
- hosing down walls in **dishwashing rooms**...
